

LW-MSP/AFW

MOBILE SCALE

- *This is a mobile scale (not a pallet truck with added weighing function) where functions and accuracy are in focus.*
- Design is based on more than 25 years of experience combined with high quality components and production.
- User friendly – very easy to operate.
- Silent PU-wrapped wheels with bearings.
- Indicator with extra protection and mounted on anti-vibration pads.
- Long operation time, more than 60 hours in continues mode (with power save function much longer).
- Clear and easy-to-read display with 25 mm segments.
- Other models and functions are available.

LW-MSP/AFW Specifications:

Standard capacity:

Dual Range:	Dual Range: 1 500 / 2000 kg x 0,5 / 1 kg
Number of load cells:	4 load cells (350 ohm).

Dimensions:

Height, approximately	1200 mm
Length, approximately	1560 mm
Width, approximately	540 mm
Fork width, approximately	170 mm
Fork length, approximately	1140 mm
Height from floor, down	85 mm, +- 2 mm
Height in upraised position	180 mm, +- 2 mm

Power Requirement:

Adapter specification:	Input: 120/230V AC 50 ~ 60Hz Output: 9V / 700mA
Built in battery:	6V / 4,5Ah, rechargeable
Continues Operation time:	60 hours continues use
Auto off function:	4 minutes

General:

Operating temperature	0°C to 40°C
Operating humidity	< 85%RH Max. (Non-condensing)
Net weight	Approximately 137 kg

Options

- Quick lift
- Hand brake / Parking brake
